THE FINE DETAILS

HOW TO PLAY:

Read books and complete activities shown on the BINGO card until you get a BINGO. A BINGO is either 5 squares across or 5 squares up and down.

You can get up to 5 BINGOs. For each BINGO up to 4, you will earn 5 tickets to go towards the prize drawings of your choice. If you get all 5 BINGOs or complete all the squares on your card, you will achieve a "blackout" and will automatically be entered for your chance to win a GRAND prize.

You can play BINGO as many times as you like, but please note that you may not earn prizes after your first blackout.

Each time you get a BINGO, call 253-841-5454 or email puylib.ci.puyallup.wa.us with your name and contact information for further details about prize drawings. Prize drawings will occur throughout the summer beginning Friday, July 3rd.

OTHER DETAILS

If a square tells you to read, you may read in whatever format you like as long as it fits the description in the square, unless it tells you to read in a specific format (such as an audiobook or magazine). You do not have to read library books, but we surely appreciate it if you do!

All squares with a link will take you to one of our databases which may require a library card to use. If you do not have a library card, please visit <http://puyalluplibrary.org/682/Getting-a-Library-Card>.

Would you rather do this online? Please visit puyalluplibrary.beanstack.org for the online version of this program.

THE FINAL WORD:

You are on your honor to read and complete activities as they are listed on your BINGO card. Cheating will result in a big, scary, hungry ogre showing up on your front door step.
