

Sidewalk cafés. A great way to increase business capacity, encourage visitors and add vitality to our downtown. Sidewalk cafes function as an extension to an existing restaurant’s seating area and are permitted during regular operating business hours of the host establishment.

The intent of the City’s OPEN(Air) Pilot Program is to increase capacity for businesses so that they can continue to operate during under COVID-19 restrictions, whilst ensuring public safety and continued adherence to state guidelines. A permit for a Sidewalk Café through the pilot program can accommodate temporary structures such as tables, chairs, shade coverings, and planters that can easily be removed. **The Pilot Program begins June 30, 2020 and ends on October 31, 2021.**

PERMITTING CHECKLIST

- ROW Permit Application

SITE PLAN REQUIREMENTS

In order to review your application in a timely manner, it is important that special attention to the development of a site plan is given. Please use the following checklist:

- Label the property address, business name, street names and include a north arrow.
- Show and label all existing sidewalk obstructions (e.g., fire hydrants, trees, street furniture, streetlights, bike racks, utility covers and poles).
- Show proposed sidewalk café layout: Number of tables/chairs, umbrellas or other coverings, railings and utility connections to host establishment.
- Provide accurate dimensions of pedestrian pathway from sidewalk café to the curb.
- Customer and table distancing shall adhere to State's Safe Start program guidelines.
- If your business is proposing a barrier of some sort (railing, planters, stanchions), please show the style of barrier.

NOTE: This tip sheet does not substitute for codes and regulations. The applicant is responsible for complying with all codes and regulations as relevant to their business and permit type. **Rev. 1 / June 30, 2020**
