

## City of Puyallup State Registered Historic Places

As of August 2015

---

The following properties were designated through the Washington State Heritage Register, a program established in 1971 as an alternative to the National Register. As maintained by the Department of Archaeology & Historic Preservation, the State Register includes districts, sites, buildings, structures and objects that have been identified and documented as being significant in local or state history, architecture, archaeology, engineering or culture.
